Subject: RE: USBGN

Hello,

Thanks for reaching out. A public hearing followed by a letter to the Board on Geographic Names is sufficient. The BGN takes into account input from as many sources as they can, so a formal hearing to gather the input is a good idea. The BGN will also be contacting our state geographic names advisory board, so I may wish to get back in touch with you following your decision.

Best wishes,

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

Good morning Mr. Gallagher. We represent the Town of Sunapee which has received a request for a recommendation regarding a name change from the USBGN. The subject property is a "point" in Lake Sunapee, currently known as Dunning Point. The Tilson family has asked that it be changed to Tilson Point.

I have never come across a request like this in my practice, and I found your name as the state contact for such issues. The Sunapee Board of Selectmen is willing to hold a public hearing on the request and submit its thoughts regarding the change to BGN, but I just wanted to make sure we didn't need a town meeting vote.

If you have any guidance on how towns should handle these types of requests, I would greatly appreciate your input.

Thank you.

Proposal: change name to recognize longstanding local use

Map: USGS Sunapee Lake North 1:24,000

Proponent: John Tilson, III; Eugene, OR

Administrative area: None

Previous BGN Action: None

Names associated with feature:

GNIS: Dunning Point (FID 866663)

Local Usage: Tilson Point (family, 100 years; local residents; Town EMS, ~30 years)

Published: Dunning Point (USGS 1902, 1905, 1907, 1955, 1984, 1998; New Hampshire Department of Safety press release, 2017; *The Messenger* [Hillsborough County/Merrimack County], 2017); Dunnings Point (Department of Commerce, Bureau of Fisheries document, 1913); Dunning's Point (Lake Sunapee Protective Association newsletter, 2016)

Case Summary: This proposal is to change the name of Dunning Point, in the Town of Sunapee in Sullivan County, to Tilson Point. The point is on the west shore of Sunapee Lake.

The point has been labeled on USGS maps as Dunning Point since 1902, while a 1913 Department of Commerce, Bureau of Fisheries document referred it as Dunnings Point. A 2016 Lake Sunapee Protective Association newsletter used the name Dunning's Point, and a 2017 New Hampshire Department of Safety press release and a 2017 article in *The Messenger* [Hillsborough County/Merrimack County] also referred to the point as Dunning Point.

Columbia University professor William A. Dunning owned the land prior to the Tilson family. He is known as a historian of the Reconstruction era after the Civil War and as the founder of the so-called "Dunning School" of Reconstruction historical interpretation. Based on his writings, historians attributed the failure of Reconstruction to corruption and poor management by Republicans and the Army, as well as views that recently freed enslaved persons were unable to govern or co-exist in Southern society. Dunning's work has been criticized since at least at least 1935 when W. E. B. DuBois wrote *Black Reconstruction in America*.

The proposed change was submitted by the Tilson family, which owns the land that includes the point under a company named Timberlost, LLC. The name would commemorate John Quillin Tilson (1866-1958), U.S. Representative for Connecticut and parliamentary procedure expert, who purchased the land in 1921. The land has remained in the Tilson family for 100 years. The proponent detailed the "exceptional life and career" of Representative Tilson:

- Born in Tennessee, educated in Tennessee, North Carolina, and at Yale University

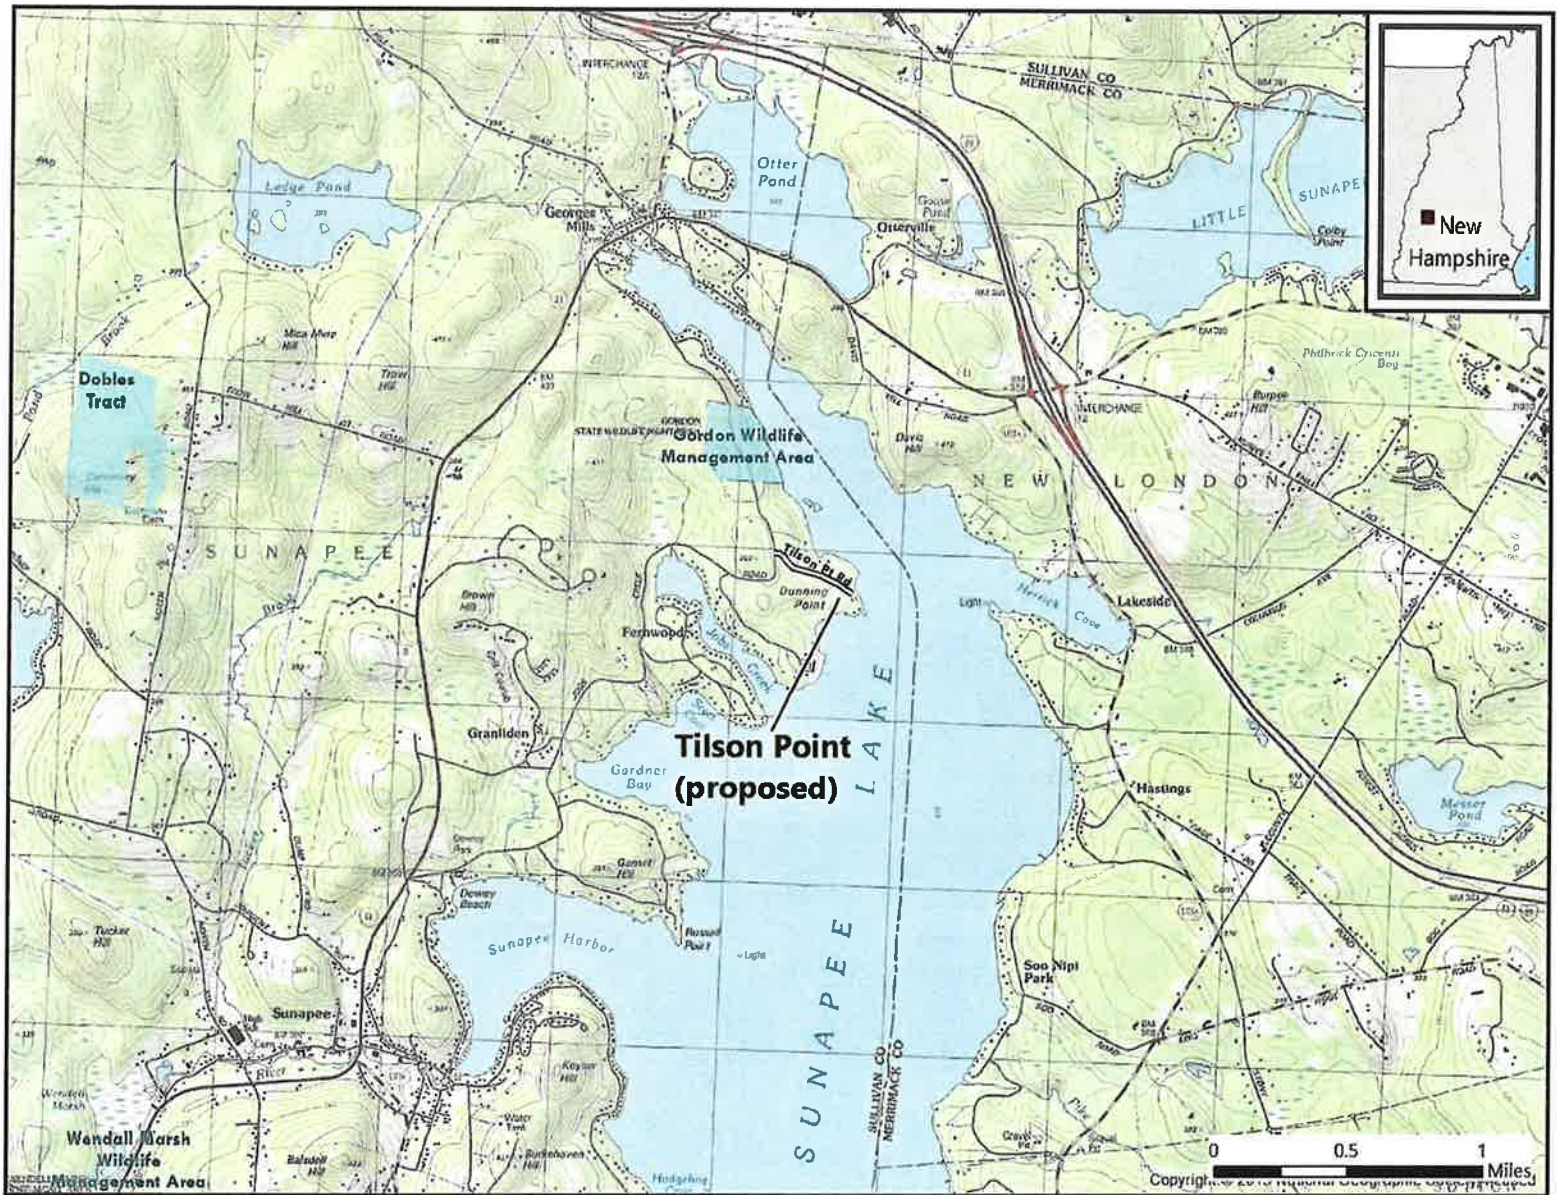

- Enlisted as a volunteer during the Spanish-American War and served as second lieutenant in the Sixth Regiment, United States Volunteer Infantry
- Served in the Connecticut Legislature from 1904-1908 and was Speaker of the Connecticut House in 1907
- U.S. Representative for Connecticut from 1909-1913 and 1915-1932, was House Majority Leader from 1925-1931, and was delegated the role of Speaker of the House many times
- Practiced law in Washington, DC and in New Haven, CT, and taught law and
- Wrote *A Manual of Parliamentary Procedure* (1948) and *How to Conduct a Meeting* (1950)
- Director and Chairman of the Save the Children Foundation and recipient of the King George's Medal for distinguished service to British children during the London Blitz

The text of *A Manual of Parliamentary Procedure* could not be located, but Wikipedia reports the following statement, referencing the text: "Tilson explores the history of seconding motions in the English Parliament and in early American Legislatures [*sic*]. He then details the reasons why the practice of seconding motions should be dropped."

Some Tilson family members still live in the area and the entire family often visits the property. In the 1990s, the Town of Sunapee named roads for emergency response and the road to the point was named Tilson Point Road. The proponent provided letters of support, all noting that the name Tilson Point has long been in local use, from: the director of the Lake Sunapee Protective Association; a member of the Lake Sunapee Protective Association; the President of the Sunapee Historical Society; a Lake Sunapee History Project researcher; two Sunapee Town residents; and New Hampshire State Representative Linda L. Tanner.

PROPOSAL TO CHANGE A DOMESTIC NAME.....FROM DUNNING POINT TO TILSON POINT

DESCRIPTION OF PROPOSAL FEATURE

The subject feature, currently officially named Dunning Point, is an area at latitude 43.109078 North, longitude 72.0.511474 West on the west shore of Lake Sunapee, New Hampshire. It is highlighted by a narrow, natural peninsula, about 120 feet in length, jutting out from the Lake shore about 1.6 miles south of the north end of the Lake. A 2018 aerial photo focused on that peninsula is attached.

REASON FOR PROPOSED NAME CHANGE

It is proposed that the Point be officially renamed TILSON POINT. The property which includes the Point was purchased from Columbia University Professor William Dunning in 1921 by U.S. Congressman John Quillin Tilson and his wife Marguerite North Tilson. Professor Dunning acquired the property in 1890. It has remained in ownership by the Tilson family for the past one hundred years. It is now owned by the Timberlost LLC, which in turn is 100% owned by descendants of John Quillin Tilson as Members. This proposal is being submitted by the Timberlost LLC. It is proposed that the name change be in the honor of John Q. Tilson. A photo of Mr. Tilson and the Tilsons' three children (John Q. Tilson Jr., Katherine and Margaret), believed to be from around 1923, is attached.

THE EXCEPTIONAL LIFE AND CAREER OF JOHN Q TILSON

John Q. Tilson was born on August 5, 1866 in the family homea log cabin, still standing... in the mountains of East Tennessee. From this humble beginning in the immediate aftermath of the Civil War, with its poverty and very limited educational opportunities, his determination to advance stood out..... enough so that he was eventually accepted at a far away New England college,.. Yale. He graduated from Yale College in 1891 and from Yale Law School in 1894.

In 1904 he was elected to the Connecticut Legislature and was Speaker of the Connecticut House in the 1907 session. During these years he accumulated experience leading to expertise in parliamentary law and procedure.

In 1908 he was elected to the US House of Representatives where he served continuously thru 1932...except for one two year interval (1913-1914). He was Majority Leader of the House for six years during the Coolidge and Hoover administrations..He was a close advisor to both of those presidents. While the Speaker of the House is designated by law to preside over meetings of the House, this responsibility can be delegated. It was so often delegated to Mr. Tilson, because of his parliamentary procedure expertise and his Majority Leader position, that, as he reported often to family members, he presided over meetings of the House for more time than anyone in American history up to that time. (He never indicated that anyone

had exceeded his record in the intervening twenty six years between his departure from Congress and his death.)

Living in Washington DC and in New Haven, Connecticut in the pre air conditioning days meant that the Tilsons were often looking for escapes from the heat and humidity of summer. This eventually led to their purchase of the Sunapee lakeside property in 1921.

After retirement from Congress Mr. Tilson practiced law first in Washington, DC and then in New Haven, Connecticut. For many years he taught a course at Yale Law School on Parliamentary Law. In 1948 he published A Manual of Parliamentary Procedure (Yale University Press) and in 1950 followed up with How to Conduct a Meeting (forward by Herbert Hoover). The latter publication particularly remains highly relevant for the large audience of persons everywhere charged with conducting meetings of all kinds.

High on his list of other interests was the Save the Children Federation. He became its Treasurer and a Director in 1940 and remained active in the organization for most of the rest of his life, including as Chairman of the Board of Directors as late as 1954. For his part in work during the World War II Blitz in England he was awarded King George's Medal for distinguished service to British children.

Mr. Tilson died at age 92 on August 14, 1958... at the New London, New Hampshire Hospital. Mrs. Tilson died in 1963... also in New Hampshire.

Two of John and Marguerite's grandchildren Margaret (Kiki) Schneider and Christina McKee... are year around nearby residents and are very active with the area's leading environmental organizations....the Lake Sunapee Protective Association and the Ausbon Sargent Land Preservation Trust. Many other descendants visit "Timberlost" as often they can...and not just in the summer.... from as faraway as Oregon, California, and Nairobi, Kenya. The love for Lake Sunapee runs deep for all.

THE FEATURE IS ALREADY WIDELY RECOGNIZED AS TILSON POINT

In or about 1990, primarily to facilitate effective fire department responses in Sunapee, New Hampshire, some private roads were required to be given official names. Accordingly, the previously unnamed private road... almost a half mile in length... connecting Jobs Creek Road to the Tilson property...and also serving two other unrelated family residences...was officially named Tilson Point Road. This road, near its eastern end, passes by a dirt path leading directly to the Point.

Attached are letters from various officials and other community leaders supporting this name change proposal. They make clear that the Point has long been known by local residents as Tilson Point.

RE: Proposed Name Change of Dunning Point as Tilson Point

To Whom It May Concern:

This letter is in support of the Tilson Family's petition to rename Dunning Point as Tilson Point. This point of land is on Lake Sunapee in Georges Mills, Township of Sunapee, New Hampshire.

This is the 100th anniversary of the Tilson Family's purchase of this special property, called Timberlost, and the point has been known as Tilson Point informally for many years. Timberlost is in regular use by the family whose members hail from Oregon, Colorado, Tennessee, Ohio, New York, Kenya, Thailand, NY and locally in Sunapee and New London. It is reached by Tilson Point Road, off Jobs Creek Road. The town of Sunapee gave the road that name sometime in the 1990's as part of the 911 project.

Aside from having many members of this family as personal friends, this change is appropriate for reasons important to Lake Sunapee. I have been on the Board of LSPA (Lake Sunapee Protective Association) for a number of years and served as president from 2006 to 2009. The Tilson family has consistently supported LSPA in many important ways...Board and committee service, financial support, land conservation, heavily researched legal projects and more...all having a positive impact on the health of the Lake Sunapee watershed. For this commitment from an entire family is something that all who care about the lake are grateful.

For these reasons, I think it is fitting to honor the family in its 100th year of ownership of Timberlost and to thank them for their many years of service to the lake, the state, the region and the country by renaming Dunning Point and calling it Tilson Point.

Sincerely,

A handwritten signature in black ink, appearing to read "Deborah K. Benjamin", with a long horizontal flourish extending to the right.

Deborah K. Benjamin

May 12, 2021

Re: Renaming Dunning Point to Tilson Point (Lake Sunapee, N.H.)

To Whom It May Concern:

I strongly support the renaming of Dunning Point on Lake Sunapee, to Tilson Point.

I have spent 80 summers on Lake Sunapee, and have always heard that landmark point referred to as Tilson Point. The name Dunning Point has long appeared on maps, but is unknown to those who know the lake well. Sailors on Lake Sunapee for many decades have sailed race courses with Tilson Point, labelled thus, being one of the main designated turning marks.

I have been one of two researchers of Lake Sunapee history who have created the Lake Sunapee History Project. Professor Dunning had a home on the point for 30 years. He sold the property to the Tilson family in 1921. The point has now been the Tilson family home for 100 years. In the years since John Q. Tilson's purchase, the Tilson family has made many important contributions to Lake Sunapee's history and environmental quality. Many family members have served the Lake Sunapee Protective Association in various roles. The family has maintained shorefront property with natural vegetation and has kept many acres of adjacent land in current use, much enhancing the water quality of the lake.

For all the above reasons, I think a change in name from Dunning to Tilson Point would be most appropriate – and 2021, the 100th year of the Tilson family on Tilson Point, is the right year to do it.

Sincerely

Midge Eliassen
(Lake Sunapee History Project; former President Lake Sunapee Protective Association)
95 Trow Hill Road
Sunapee, NH
03782

April 20, 2021

Re: Proposed Name change from Dunning Point to Tilson Point

To whom it may concern,

I am writing to express my support for the renaming of "Dunning Point" to officially Tilson Point. This is a narrow, natural peninsula on Lake Sunapee, 1.6 miles south of the northernmost end of the lake. (Latitude 43.109078; Longitude 72.0511474.)

My family has been on Lake Sunapee since 1978, and I have always heard this peninsula referred to as Tilson Point. The peninsula is reached on land via Tilson Road and has been owned by the Tilson family since 1921.

The family has owned the property for many years as stated above, and John Q. Tilson, who purchased it from a William A. Dunning, had a distinguished career, including serving as Majority Leader of the US House of Representatives and as philanthropist, becoming director and treasurer of Save the Children Federation.

It would be an honor to rename the point as Tilson Point, most deserving to Mr. Tilson and to his family who have been excellent stewards of the land.

Thank you for your consideration,

A handwritten signature in cursive script that reads "June Fichter". The signature is written in dark ink and is positioned above the typed name and title.

June Fichter
Resident, Lake Sunapee in Newbury, NH
Executive Director of the Lake Sunapee Protective Association

**Changing the name of a geographical point on Lake Sunapee, NH from Dunning
Point to Tilson Point**

It is a pleasure to write in favor of changing the name of Dunning Point to Tilson Point. The point, situated on Lake Sunapee, Georges Mills, Township of Sunapee, New Hampshire, has been owned by the Tilson family for one hundred years. Members of the family regularly gather at this property, travelling from California or Africa as well as nearby towns and states. If you ask local residents the name of the point, I am sure most would respond with Tilson Point and would be surprised to know it is listed as Dunning Point.

Officially changing the name honors the family member who purchased the property, John Q. Tilson (1866-1958), a legislator with a notable career in government. He served in the Connecticut State Legislature and the United States Congress, spending six years as majority leader of the House of Representatives.

As a member of the Sunapee Selectboard and the New Hampshire House of Representatives, I enthusiastically endorse this change to Tilson Point.

To whom it may concern

I am writing in support of the request by the Tilson Family to change the name of Dunning Point to Tilson Point on all official maps and documents .

I am a life long resident of Sunapee, have know the Tilsons all my life and have great affection for the point they live on. They have been there over 100 years and are appropriate stewards of the land as well as the lake. Their unique flag pole replaced as needed from their land serves as a beacon of welcome to the entry to Georges Mills bay.

I spend literally hours on the lake as a sailor , boat owner and as a licensed commercial captain . Whenever I am near the Point and I hear folks talking about it they are always calling it Tilson Point , not Dunning Point as named on the Navigation charts .That is a tribute to the Tilsons who have been there it seems like forever . I look forward to the day when the new charts for Lake Sunapee as well as all official maps published by our federal and state governments identify the point now known as Dunning Point as Tilson Point .

Sincerely

Stephen J Mc Grath

To Whom It May Concern

Subject: The proposed name change of Dunning Point to Tilson Point

Date: 26 April 2021

I am writing to express my support for the proposal to change the name of Dunning Point on Lake Sunapee in Georges Mills, Township of Sunapee, New Hampshire as Tilson Point.

This point is on property that has been owned by the Tilson family for one hundred years and is in regular use by the family. It is reached by Tilson Point Road off Jobs Creek Road. The point has been known as Tilson Point informally for many years. In fact, my family and I have been in Sunapee nearly as long as the Tilson Family, and I only in recent years have become aware of any other name for that promontory.

John Q. Tilson (1866-1958), who purchased the property in 1921, had a most distinguished career in the Connecticut legislature and in Congress for six years as Majority Leader of the United States House of Representatives in Washington.

In light of Mr. Tilson's distinguished career and the many contributions he and his family have made to the Town of Sunapee and to Lake Sunapee, officially changing the name of the point in his honor would be most appropriate at this time.

Thank you.

R. F. Rylander

(President, Sunapee Historical Society)

22 Gardner Bay Road

Sunapee, NH 03782

State of New Hampshire

HOUSE OF REPRESENTATIVES

CONCORD

May 5, 2021

Dear Official,

I am writing to express my support for the proposal to rename Dunning Point on Lake Sunapee in Georges Mills, Township of Sunapee, New Hampshire as Tilson Point. This point is on property that has been owned by the Tilson family for one hundred years and is in regular use by the family. It is reached by Tilson Point Road, off Jobs Creek Road. The point has been known as Tilson Point informally for many years. John Q. Tilson (1866-1958) who purchased the property in 1921, had a most distinguished career in the Connecticut state legislature and in Congress for six years as Majority Leader of the United States House of Representatives in Washington. Officially changing the name of the point in his honor would be most appropriate at this time.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda L. Tanner".

Linda L. Tanner

NH State Representative

Sullivan County District 9

TOWN OF SUNAPEE

23 Edgemont Road
Sunapee, New Hampshire 03782

Workplace Bullying Policy

Objective

The purpose of this policy is to communicate to all employees, including supervisors, managers, and executives, that Town of Sunapee will not in any instance tolerate bullying behavior. Employees found in violation of this policy will be disciplined, up to and including termination.

Definition

Town of Sunapee defines bullying as repeated, health-harming mistreatment of one or more people by one or more perpetrators. It is abusive conduct that includes:

- Threatening, humiliating, or intimidating behaviors.
- Work interference/sabotage that prevents work from getting done.
- Verbal abuse.

Such behavior violates Town of Sunapee's Code of Ethics, which clearly states that all employees will be treated with dignity and respect.

Examples

Town of Sunapee considers the following types of behavior examples of bullying:

- Verbal bullying. Slandering, ridiculing, or maligning a person or his or her family; persistent name-calling that is hurtful, insulting or humiliating; using a person as the butt of jokes; abusive and offensive remarks.
- Physical bullying. Pushing, shoving, kicking, poking, tripping, assault or threat of physical assault, damage to a person's work area or property.
- Gesture bullying. Nonverbal gestures that can convey threatening messages.
- Exclusion. Socially or physically excluding or disregarding a person in work-related activities.

In addition, the following examples may constitute or contribute to evidence of bullying in the workplace:

- Persistent singling out of one person.
- Shouting or raising one's voice at an individual in public or in private.

- Using obscene or intimidating gestures.
- Not allowing the person to speak or express himself or herself (i.e., ignoring or interrupting).
- Personal insults and use of offensive nicknames.
- Public humiliation in any form.
- Constant criticism on matters unrelated or minimally related to the person's job performance or description.
- Public reprimands.
- Repeatedly accusing someone of errors that cannot be documented.
- Deliberately interfering with mail and other communications.
- Spreading rumors and gossip regarding individuals.
- Encouraging others to disregard a supervisor's instructions.
- Manipulating the ability of someone to do his or her work (e.g., overloading, underloading, withholding information, setting deadlines that cannot be met, giving deliberately ambiguous instructions).
- Assigning menial tasks not in keeping with the normal responsibilities of the job.
- Taking credit for another person's ideas.
- Refusing reasonable requests for leave in the absence of work-related reasons not to grant leave.
- Deliberately excluding an individual or isolating him or her from work-related activities, such as meetings.
- Unwanted physical contact, physical abuse, or threats of abuse to an individual or an individual's property (defacing or marking up property).

Individuals who feel they have experienced bullying should report this to their supervisor or to Human Resources before the conduct becomes severe or pervasive. All employees are strongly encouraged to report any bullying conduct they experience or witness as soon as possible to allow Town of Sunapee to take appropriate action.
