Full Time Recreation Director:

Warrant Article Amount shown presently (including Health Insurance Declination and roll ups) \$22,299.00

Warrant Articles

Chairman Trow said in his opinion there was not much to talk about regarding the warrant articles except for the Employee Health Insurance article. Donna Nashawaty said that after a discussion with Lynne Wiggins, Finance Director, both agreed that there was no need for the \$15,000 Employee Health Insurance Warrant Article this year. There might be a need for this warrant article next year depending on this year's payouts. It looks like the payouts are running \$10,000 to \$12,000 a year.

There is enough left for two years. On the Garnet St/Main St Safety Intersection Improvements article, Scott Hazelton said the bid opening was Thursday and he had 2 contractors bidding on the project. Chairman Trow said the Water & Sewer Line article, with an amount of \$734,250 was kicked around and it was said flat out that this was not going to happen in one year. Scott Hazelton said that one of the things that he would like to do is finished the design and permitting and put that out as a warrant article in 2022. This will give the town one year to decide if they want to take out a bond or establish a capital reserve fund for the project. Personally, Scott Hazelton thinks bonding is the best way to go, but he does not think it is a good idea to do it all in this year. Chairman Trow asked if there was any reason to not set-up a capital reserve fund that could be used for the design, permitting or pay for basically, the whole process of what this real project is. Selectman Gallup thinks it would be a good move to establish a capital reserve fund that would cover the extension and the any other upgrades that were related to this. Selectman Gallup said the Board should draft a warrant article to establish the capital reserve fund and put \$150,000 to start. Selectman Gallup also said the intersection improvements could be a “sacrificial” lamb. The intersections and parking lots could use some improvements in that area, but it has worked for many years and he does not know that it is an area that has a lot of incidences. The consensus of the Board was to establish the capital reserve fund and fund it with \$150,000.

Capital Maintenance Expenses

Donna Nashawaty said one of the things looked at during the budget process was the budget numbers on each building for maintenance. The question was is there enough money in the budget for routine maintenance on each building. Chairman Trow thought that over a year ago it was decided that anything under \$10,000 would be in the budget and anything over \$10,000 would go to the capital reserve fund. Donna Nashawaty thinks they underestimated, but Chairman Trow does not think it was underestimated, but a missed calculation. Chairman Trow said the projects under \$10,000 are a specific thing, like replacing the boiler, putting on a small roof or painting a building. He feels the \$10,000 is for small projects, not \$10,000 for everything for the building for a year. It is “running” costs versus “repair” costs. Chairman Trow said he does not care where routine maintenance costs live, but what does that effectively do? Are we behind on our building repair program? Scott Hazelton replied no. The routine maintenance has been kept up and some things have been added to the routine maintenance, but it should not exceed \$10,000. Chairman Trow does not think the day to day maintenance should be in the same category as bigger projects.

TOWN MANAGER REPORTS

- Draft Registration Process for Short Term Rentals

Donna Nashawaty said the Board was aware that there has been some discussion by this Board and the Planning Board on Short Term Rentals. Donna Nashawaty was contacted by a company, Granicus, that she has met before, that do short-term rental registrations. The company sent a presentation that are attached. After some discussion, The Board would like the Town Manager to continue to investigate by asking for recommendations from towns that are using this company.

What are Sunapee's most important goals as it relates to short-term rentals?

1. Reduce noise, parking, traffic and trash-problems
2. Eliminate party houses
3. Reduce STR's impact on neighborhood character
4. Ensure building safety
5. Improve Town's responsiveness to neighbor complaints
6. Stem STR's negative impact on affordable housing availability
7. Improve permit and tax compliance to increase tax revenue
8. Ensure a level playing field between law abiding traditional lodging providers and illegal short-term rentals
9. Reduce tension between short-term rental property owners and their neighbors
10. Send a clear message to citizens that the Town takes the STR problems seriously
11. Other?

How big of a challenge are short-term rentals in Sunapee?

The global short-term rental market has grown 1,530% since 2011 and continues to grow at a breakneck pace

The # of short-term rental listings has grown 15x since 2011

Manual compliance monitoring and enforcement is ineffective and expensive

- ☒ Rental property listings are spread across 100s of different websites
- ☒ Manually monitoring 100s of properties is practically impossible as listings are constantly added, changed or removed
- ☒ Address data is hidden from listings making it time-consuming or impossible to locate the exact properties and identify owners
- ☒ It is practically impossible to collect taxes as there is no easy way to find out how often the properties are rented and for how much
- ☒ The vacation rental platforms refuse to provide the detailed data necessary for enforcing local Ordinances
- ☒ Manual compliance monitoring and complaint-based enforcement often leads to claims of selective enforcement

Accelerate progress irrespective of where Sunapee is in the process of adopting and implementing effective short-term rental regulations

Regulations Relative to Permits for Short Term Rentals

The Town of Lincoln will allow Short Term rentals but wants to ensure the safety of occupants, minimize neighborhood disruption, and maintain fairness related to paying for Town services.

A "Short-Term Rental" or "Vacation Rental" unit is defined as any individually or collectively owned single family house or dwelling unit or any unit or group of units in a condominium, cooperative, or timeshare, or owner-occupied residential home, that is offered for a fee for less than 30 consecutive days per RSA 48-A:1.

On or before January 1, 2021, all Short-Term Rental units must be registered with the Town. A registration form is available online at www.lincolnnh.org or at the Town office. Upon registration, a Short Term Rental permit shall be issued.

There is a \$50 annual fee to register Short-Term Rental units per tax parcel.

The owner of any unregistered Short-Term Rental unit will be fined as follows starting April 1, 2021:

First offense from unit owner that was not sent a notice of this ordinance by the Town: written warning

First offense from unit owner that was sent a notice of this ordinance by the Town: \$100

Second offense, after allowing 10 days for registration since first offense: \$500

Additional offenses, after allowing 10 days for registration since second offense: \$1,000 each.

The Town has the right to revoke a permit for any Short-Term Rental unit that becomes a nuisance. This action will require a minimum of three incidents within one year, validated by the Lincoln Police Department or NH State Police, where the contact person was notified of problematic occupant actions. Any unit owner found to be operating as a Short Term Rental after revocation will be fined \$1,000 per 10-day period.

If a permit is revoked, the owner may appeal the decision to the Board of Selectmen within 30 days of the date of revocation, and the Selectmen shall hold a hearing on the appeal within 45 days and either affirm the revocation or overturn the revocation. If the revocation is overturned, the Selectmen can impose conditions upon the reinstatement of the permit.

Any comments or complaints related to Short Term Rentals can be submitted online at www.lincolnnh.org or at the Town Office.

Approved by the Town of Lincoln Board of Selectmen on July 13th, 2020.
