

GEORGES MILLS CEMETERY

Introductory Notes

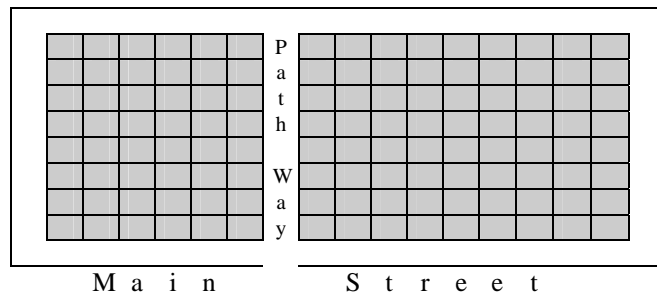

WHO: This grouping covers those individuals (last names D thru P) whose names are recorded, from grave markers, prior transcription efforts or town records, as being buried in the Georges Mills Cemetery in Sunapee.

- Information is presented alphabetically, by last name, and entries include both married and maiden names, if known.

WHAT: Each entry includes a picture, cemetery chart, inscriptions for all known marker types (memorial, locational, corner, etc), and any additional information available from town or gravesite records.

WHERE: Entries are provided for current markers in the shaded section shown.

Georges Mills Cemetery, Main Street Georges Mills

WHEN: Information is current as of 7 July 2007.

WHY: This work is presented to the town of Sunapee, NH for the benefit of genealogists and others seeking detailed information regarding Sunapee burials at this location.

NOTE: The following 4 individuals are identified either within the Sunapee Town Report for the years listed or within Sunapee Cemetery Transcriptions by Ethel Norris as buried within this cemetery. Neither markers nor locational information have been found regarding these burials and, as a result, entries for these individuals are **not** included in this grouping.

Researchers are urged to review the transcription information recorded by both Ethel Norris (ca. 1918, with additional genealogical information) and Joseph Hill (1989) also available at the Abbott Library, Sunapee.

- 1944 Alanta A. Goodwins
- 1993 Mildred Pilotti, March 13, cremation
- Bean, Daniel, died Oct 17, 1896, age 68 years, 6 months
- Chase, Lloyd E., son of H.M. and Mary J. Chase, died 5 February 1885, age 2 years, 4 months, and 8 days

Karl R. Jonas

The diagram shows a city block layout. A vertical street on the left is labeled 'Main' and a horizontal street at the bottom is labeled 'Street'. The intersection of these two streets is marked with a large 'X'. The block is divided into a grid of 6 squares by 5 vertical lines and 5 horizontal lines. The 'Main' street is the leftmost vertical line, and the 'Street' is the bottommost horizontal line. The intersection 'X' is located at the corner of the first square from the bottom-left.

The diagram shows a city block layout. A horizontal street at the top is labeled "Main Street". A vertical street on the left is labeled "Washington". The intersection of these two streets is marked with an "X" in the top-left corner of a grid. The grid consists of 10 columns and 8 rows of blocks. The "Washington" label is positioned to the left of the grid, and the "Main Street" label is positioned below the grid.
