

EASTMAN CEMETERY
East "Old" Division

Old Section

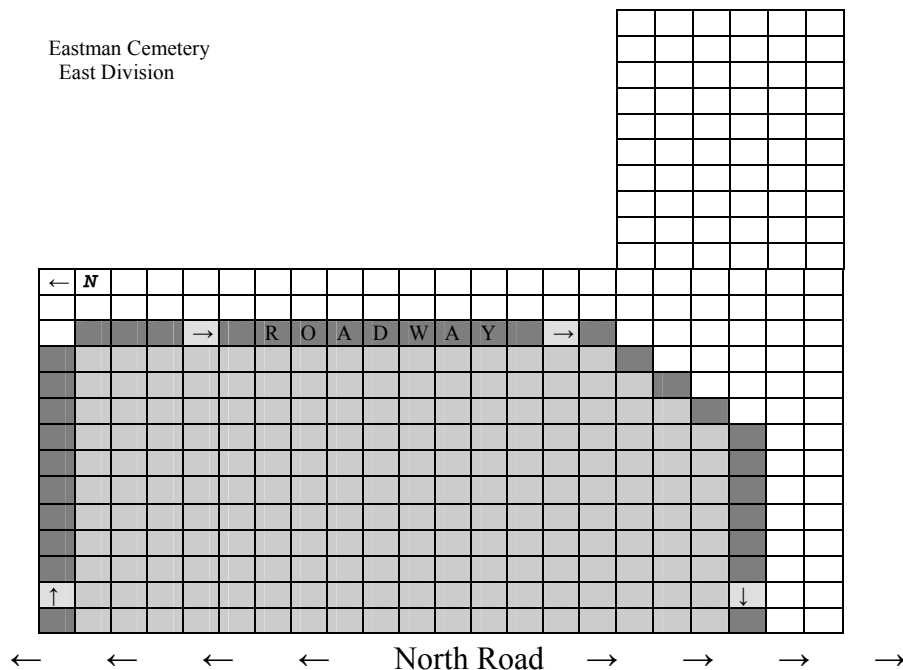

Introductory Notes

WHO: This grouping covers those individuals (last names E thru G) whose names are recorded, from grave markers, prior transcription efforts or town records, as being buried in the old section of the Old Eastman Cemetery in Sunapee.

- Information is presented alphabetically, by last name, and entries include both married and maiden names, if known.

WHAT: Each entry includes a picture, cemetery chart, inscriptions for all known marker types (memorial, locational, corner, etc), and any additional information available from town or gravesite records.

WHERE: Entries are provided for current markers in the shaded section shown.

WHEN: Information is current as of 31 July 2006.

WHY: This work is presented to the town of Sunapee, NH for the benefit of genealogists and others seeking detailed information regarding Sunapee burials at this location.

NOTE: Markers and locational information for the following 17 names, available to and recorded by Ethel Norris during her transcription effort around 1916, are no longer available. As a result, entries for these individuals are **not** included in this grouping. Researchers are urged to review the transcription information recorded by both Ethel Norris (ca. 1916, with additional genealogical information for many families) and Joseph Hill (1989) also available at the Abbott Library, Sunapee.
