

SOUTH CEMETERY

Introductory Notes

- WHO:** This grouping covers those individuals (last names A thru B) whose names are recorded, from grave markers, prior transcription efforts or town records, as being buried in the South Cemetery in Sunapee.
- Information is presented alphabetically, by last name, and entries include both married and maiden names, if known.
- WHAT:** Each entry includes a picture, cemetery chart, inscriptions for all known marker types (memorial, locational, corner, etc), and any additional information available from town or gravesite records.
- WHERE:** Entries are provided for current markers in the shaded section shown.

WHEN: Information is current as of 18 June 2007.

WHY: This work is presented to the town of Sunapee, NH for the benefit of genealogists and others seeking detailed information regarding Sunapee burials at this location.

NOTE: The following 11 individuals are identified either within the Sunapee Town Report for the years listed or within Sunapee Cemetery Transcriptions by Ethel Norris as buried within this cemetery. Neither markers nor locational information have been found regarding these burials and, as a result, entries for these individuals are **not** included in this grouping.

Researchers are urged to review the transcription information recorded by both Ethel Norris (ca. 1918, with additional genealogical information) and Joseph Hill (1989) also available at the Abbott Library, Sunapee.
