Committee Members Roles & Responsibilities

*Update any major changes: time of meeting, policy changes, etc.

Membership: Discussed memberships & dates up. Involvement: Different people are involved in different ways & we had a discussion on what that looks like for different committee members.

Sub Committees: Finding members to commit is difficult for all 100% of the time. Looking outside the box & beyond the Rec Committee members.

Spring Sport Update *Scott sent out a spreadsheet prior to meeting of participants, costs, money collected, etc. Discussion regarding adjusting registration fees.

Addition from Charleen: (not an agenda item)

Charleen Osborne gave an update on her daughters' accomplishment on raising the funds for Fitness Trail & was looking for support from committee members.

Attending members continue to support her. Members asked questions regarding installation costs and labor. More information to come at a later date.
