

FIREWORK SAFETY

★ Firework Facts ★

1

LEAVE THE LIGHT SHOW TO THE TRAINED PROS

Firework misuse or recklessness can result in serious, if not DEADLY injury.

Deaths due to fireworks

- 2019- 12 deaths 
- 2020- 18 deaths

Fireworks caused

15,600 ER Visits
in 2020

66% of firework
injuries occur
around July 4th

2

KEEP THE FIRE RISK OUT OF YOUR FIREWORKS

Fireworks not only have a risk of causing injury, but also can start fires.

Fireworks are responsible for
19,500+ fires each
year

Children under 5 account for
OVER HALF of firework
injuries

Sparklers can burn
1,200 to 2,000
degrees Fahrenheit

3

KEEP THOSE AROUND YOU IN MIND

While planning your festivities, don't forget about your neighbors.

If you have neighbors who are
ELDERLY, VETERANS, OR HAVE YOUNG CHILDREN
reach out to them beforehand about your firework plans

Don't forget the
ANIMALS & PETS
in the neighborhood
